Based on Recommended Rate usually **\$65 - \$130 per Hectare**

Ferti-PastureUP spreads easily and is supplied as a DRY WEIGHT product that is not subject to the “wet content” issues of some Mineral Mixes.

Unlike other Fertiliser Blends, Ferti-PastureUP is fully Bio-Active and aids aggregation and conductive balance in the soil increasing space and separation between soil particulates. Also, at the same time, acting as a remediation and highly reactive carbon source that can absorb toxins and reverse any salt affected patches. The High Performance General Purpose Pasture Fertiliser that has far more to offer the soil and a bonus to animal health!
