

# NK Nutrition<sup>tm</sup>

Best Quality All Purpose Growth Foliar

## NK Nutrition<sup>tm</sup>

Designed for maximum nutritional status across all pasture and horticultural applications, NK Nutrition is the most widely used and strategically complete all purpose growth foliar designed by Ferti-Tech Australia. Based on complexed and carbon rich chelated surfactants and phloem effective adjuvants, NK Nutrition delivers a wide array of vitamins, minerals, nutrients, energy and natural growth hormones directly into the vascular system of plants for a complete nutritional effectiveness. NK Nutrition is a multi-faceted foliar offering essential Macro and Trace Nutrition including the significant use of Carboxylic and Amino Sourced Acids for more efficient Calcium and Nitrogen Synthesis at the cellular level.

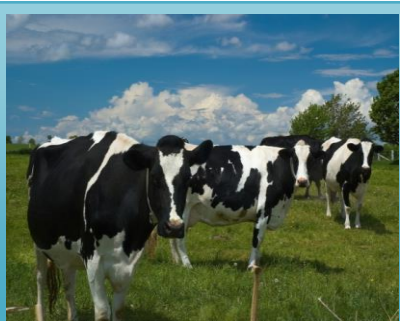

NK Nutrition <sup>tm</sup>	% w/v
Nitrogen	15.2
Phosphorus	1.20
Potassium	6.7
Calcium	1.4
Sulphur	0.50
Selenium*	0.011
Magnesium	0.34
Iron	0.0164
Manganese	0.0747
Copper	0.0323
Zinc	1.207
Boron	0.029
Molybdenum	0.0005
Cobalt	0.0016
Carbohydrates	5.4
Amino Acids	0.18

### Recommended Dosage Rate

- Apply 10 litres per Hectare per foliar or fertigation.
- Refer to FTA for specific uses
- Always ensure a dilution with water of at least 50:1

### Nitrogen (UAN) & Additions

- Mix with UAN up to 10:1
- Do not Mix Neat, Add to Cart
- Suitable for use with other FTA Supplemental Nutrition (except Phosphorus based Formulas)

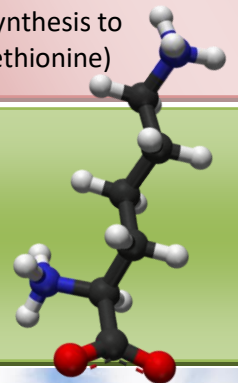

### Strong with Selenium

NK Nutrition delivers complete nutrition and growth to pasture with real gains in Productivity, Stock Fertility and Health

Trace Auxins and Gibberilins.

\*Selenite (foliar synthesis to Organic Selenomethionine)

## NK Nutrition has Amino Acids (including Lysine) at Significant Levels

- Amino Acids are critical to the proper functioning of life and nutritional synthesis
- Lysine plays a major role in Calcium Absorption and the synthesis of Nitrogen
- NK Nutrition also contains other Amino Acids to buffer Nitrogen Burning
- Also Aspartates and Glutamates for a much stronger Amino Acid Activity Level

### Suitable for all Centre Pivot and Boom Spray Foliar Applications

NK Nutrition promotes a significantly larger and more bio-active root mass as well as increased "sugar dumping" for more humus forming exudates in the soil.

### Use NK Nutrition to maximise Grass Growth and Sap Nutrient Density.

This All Purpose formulation contains natural sugars, acids and plant growth hormones that will stimulate larger crown formation and tillering development in grasses and pasture herbage.
