

Cal-Nittrak

General Information:

Cal-Nittrak is a chelated solution with high Ca, N and K, designed for all types of foliar and fertigation systems. Its formulation ensures consistent growth and development throughout the entire growth cycle. The inclusion of **fulvic acid** enhances nutrient absorption, soil structure and stress tolerance. Our **BioStimulants** boost plant growth, improve resistance to stress and promote healthier root systems, leading to higher yields and overall plant vitality.

Typical Analysis % w/v

Calcium	9.4
Nitrogen	8.2
Potassium	1.6
Sulphur	0.3
Magnesium	0.19
Fulvic Acid	5.2

With Traces Fe, Mn, Cu, Zn, B, Mo, Co
and BioStimulants
